Home Land Septic Consulting - SPONSOR

We specialize in property evaluations for real estate transactions. Services include septic evaluations, well yield testing, water sampling, camera sewer inspections and well chlorinations. We do not perform any repairs or remediation work. As a neutral third party, real estate agents trust us with their clients. Based in Baltimore, we have been servicing Central Maryland since 2004. We follow MDE's 4-Step Septic Evaluation Procedure and provide detailed reports via email within 24 hours. Our team of inspectors are professional and courteous. They carry SentiCards for easier access into homes. Because of such a narrow service line, we have an expertise and high level of efficiency matched by few to none.
